EXPERIENCE

All Things Health Africa (ATHA), Nairobi, Kenya <i>Founder</i>	2016- Present
--	----------------------

Digital health company transforming chronic disease prevention and management to maximize life potential.

- Designed and created a health AI bot to disseminate customized messaging on diabetes and hypertension.
- Designed and implemented four animation to play in hospital waiting rooms and educational institutions.
- Created educational flipcharts in collaboration with healthcare providers on hypertension and diabetes which were utilized by school staff throughout Nairobi, Kenya to improve student health
- Collaborated and engaged in preventative work with 8 community health workers to disseminate hypertension and diabetes health content to their community members.
- Performed extensive qualitative and quantitative research for 6 months using human centered design in collaboration with 10 youths for purposes of understanding the healthcare gaps and solutions.

Ernst & Young, LLP, Chicago, IL <i>Managing Auditor</i>

2014- 2016

- Identified weaknesses in management control environment and assist them with updating their internal control policies and procedures to ensure SOX compliance. This resulted in a reduction in SEC comment letters as well as a reduction in audit fees by 20% due to a stronger control environment.
- Researched accounting issues and new accounting guidance under IFRS and U.S. GAAP standards and provided clients with guidance on how to implement and incorporate necessary changes to their financial statements. The standards included but were not limited to revenue recognition, leases, investment, fixed assets. This led to a reduction in management's hours and wages by approximately 10%.
- Managed both local and global teams and successfully helped internationally diverse team member's work cohesively to achieve the mission of the organization. Retention levels increased by 20% and overall employee morale increased.
- Engaged in various firm initiatives including the globally recognized EY Entrepreneur of the Year program which serves to assist with business development efforts, build relationships with current and prospective clients, meet and interact with CEOs face-to-face and develop external professional network.
- Previously served as a Senior on global public manufacturing and consumer Products organization for the initial public offering of a global e-commerce marketplace organization. This organization was named by Forbes as "the fastest growing company ever"

Senior Auditor

2011-2014

- Planned and designed audit approach and procedures for several not-for-profit health care clients (\$5 billion revenue). Researched and documented the audit team's position on significant GAAP accounting matters impacting our conclusions; specifically, Not-for-profit entity specific issues such as Contributions, Grant accounting and Net asset presentation, Leases, Fair value measurement, Foreign currency translation.
- Assigned and reviewed work of up to four staff auditors per engagement to ensure completeness, accuracy, and proper documentation. Provided daily guidance and coaching to staff and help mentor, develop and evaluate them.
- Produced concise verbal and written communication to Senior Executives, describing the execution of procedures performed and support for stated conclusion of all key audit areas.
- Served as an instructor for the not-for- profit provider care and for profit education training for the central region in the US.

- Performed research and consulted with clients regarding accounting, reporting, and internal control issues.
- Provided on the job training and technical guidance to interns and Staff I.
- Gained extensive exposure to SEC reporting requirements through client filings of Proxy Statements (DEF14A), Annual Reports (10-K), Quarterly Reports (10-Q), and Current Reports (8-K).

iAMProjects Incorporated, Chicago, IL**2014- 2017***Founder*

Non- profit established to raise funds for marginalized individuals to further their educational and professional goals.

iAMProjects mission is to empower and develop young Africans to become prominent leaders and innovators by equipping them with the resources needed to fulfill their educational and professional ambitions. Provided approximately \$55k in scholarships to four students from Nigeria, Tanzania, Liberia and Kenya and a primary school located in Uganda.

- Coordinated, managed, and monitored student performance to ensure compliance with scholarship requirements.
- Chaired quarterly meetings with board members to discuss the short term and long-term goals.
- Created policies and procedures for the organization as well as iAMProjects scholars.
- Collaborated with other not-for-profit entities with a similar mission to create world changers and change makers in the continent of Africa.
- Performed month end close procedures by recording journal entries and performing bank reconciliations
